

The Rooted Retreat brings Black, Indigenous, and Women of Color in the social sector from around the world together like no other event can!

Over the last two years, the Rooted Retreat has grown roots in the virtual events space, and now we are ready to take on the beautiful island of Jamaica.

CHOOSE YOUR ADVENTURE:

We are excited to return to in-person events, but know that everyone is not ready to Bloom on the bright sunny beaches of Montego Bay, Jamaica. Each of the experiences promises a journey of learning, inspiration, and release as we bring together experts on topics like fundraising, management + leadership, wellness, storytelling and wealth-building to share how to make our personal and professional lives happier, healthier, and better - from wherever you choose to join us.

So it's your choice:

1. A three-day virtual event with professional development sessions and networking sessions;
2. Or pack your bags and join us for an immersive and luxurious three-day experience during our in-person retreat.
